3PM IN 404 GRINTER HALL

For over 25 years the Center for African Studies at the University of Florida has organized annual lectures or a conference in honor of the late distinguished Africanist scholar, Gwendolen M. Carter. Professor Carter devoted her career to scholarship and advocacy concerning the politics of inequality and injustice, especially in southern Africa. In the spirit of her career, the annual Carter lectures offer the university community and the greater public the perspectives of Africanist scholars on issues of pressing importance to the peoples and societies of Africa.

This lecture series is sponsored by the Center for African Studies, the Emerging Pathogens Institute, the College of Liberal Arts & Sciences, and the Office of Research.
